

Child-Deterrent Tab™

The Most Efficient Child-Deterrent Solution

Child-Deterrent Tab™ is a cost-effective solution that easily integrates into current manufacturing operations, without significant changes to equipment or capital investment. The key differentiator of the Child-Deterrent Tab™ is the tab mechanism used to open and access the package contents. The tabbed profile provides deterrence for younger children, yet it's proven to provide easy accessibility for older consumers.

REVOLUTIONARY BENEFITS OF CHILD-DETERRENT TAB™:

- Effective child deterring tab provides an easy open for adults
- Technology applicable to a variety of package formats
- Incorporates seamlessly into existing machinery with minor modifications

CHILD-DETERRENT TAB™ IS IDEAL FOR A BROAD RANGE OF PRODUCTS:

- Laundry & Detergent Pods
 - Household Chemicals
 - Lawn & Garden
- ...And Many More!

We're Uniquely Flexible.
