

# Enhance the Consumer Opening Experience

## Perf•Zip™

Eliminate the frustration and inconsistency of laser score and tear notch pouch openings. Perf-Zip™ ensures an easy, successful opening experience for your consumers - every time! Incorporated into the zipper during the extrusion process, the Perf-Zip™ technology delivers a convenient, controlled initial pouch opening. Easily incorporate Perf-Zip™ onto a variety of package styles with only slight modifications to existing machinery.

Build brand preference and delight your consumers with easy-open Perf-Zip™.

### REVOLUTIONARY BENEFITS OF PERF-ZIP™:

- Perforated zipper bag-top gives you a controlled opening every time
- Eliminates the inconsistency of laser score & tear notch openings
- Perforated open for standard & all PE films
- Hermetic seal maintains product freshness
- Incorporates seamlessly into existing machinery with minor modifications

### PERF-ZIP™ IS IDEAL FOR A BROAD RANGE OF PRODUCTS, INCLUDING:

- Salty Snacks
  - Candy
  - Shredded & Sliced Cheese
  - Deli Meats
  - Frozen Foods
  - Pet Food & Treats
- ...And Many More!
